KAYLEE SMITH, *et al.*,

Plaintiffs,

v.

UNITED STATES OF AMERICA,

Defendant.

Case No. C19-788 RSL-MLP

ORDER

Plaintiffs Kaylee Smith, individually, and John Smith, individually and as limited guardian ad litem for minor N.S., brought this tort action in May 2019 regarding a vehicle accident. (Dkt. # 1.) Specifically, Plaintiffs allege that a Navy service member caused the vehicle collision at issue. (*Id.*). The parties submitted a notice of settlement on April 30, 2020 indicating that all claims against all parties had been resolved. (Dkt. # 34.) The parties were ordered to show cause regarding whether the guardian ad litem believed the minor's interest was safeguarded and whether the Court should approve the settlement. (Dkt. # 35.) On May 29, 2020, the parties submitted a response indicating a settlement guardian ad litem had been appointed in Pierce County Superior Court that recommended approval of the settlement. (Dkt. # 36.) On June 22, 2020, the parties provided a copy of an order from Pierce County Superior Court approving

1 the settlement of the minor. (Dkt. # 39.) The parties subsequently submitted a stipulation and  
2 proposed order of dismissal. (Dkt. # 40.) Because the parties stipulate to dismissal of this matter,  
3 all claims and causes of action in this matter are dismissed with prejudice and without cost or  
4 attorney fees to any party. The Clerk is directed to send copies of this Order to the parties and to  
5 the Honorable Michelle L. Peterson.
